

Target Quantities for January 2010 Solicitation (Updated November 16, 2009)

The results for the 8-month Photo-voltaic product were rejected by the Pennsylvania Public Utility Commission in the October 2009 solicitation and the unfilled quantities for that product will be offered in this January 2010 solicitation of the Alternative Energy Credits RFP pursuant to section 7.5.2 of the Alternative Energy Credits RFP Rules. Target Quantities for this January 2010 solicitation are shown in the table below:

Target Quantities (MWh)			
Delivery Period Beginning January 1, 2011	Tier I	Photo-Voltaic	Tier II
8-month	n/a	67	n/a
11-month	11,966	100	22,850

Note: Total of Tier I and Photo-Voltaic equals total Tier I obligation.
