

PPL Electric Utilities Commercial and Industrial Reservation Certificate

IMPORTANT: Rebate funds will not be reserved unless we receive the completed reservation certificate, rebate application and proof of financial commitment by June 30, 2011.

The current E-power forms and rebate levels are valid until May 31, 2011. New rebate levels are in effect June 1, 2011. If you have made a financial commitment for a project between the dates of 07/01/2009 – 05/31/2011 you can use this certificate to reserve funds.

If your project will be completed after 6/1/2011 but you purchased your materials prior to 6/1/2011, you MUST submit the following:

1. Completed reservation certificate
2. Completed rebate application(s) for your project
3. Signed and dated proof of financial commitment

(Examples of proof of financial commitment: A signed and dated contract, purchase order, acceptance of project or a copy of payment to contractor.)

The project must be completed and all final documentation must be received by September 30, 2011.

Documentation received after September 30, 2011 will be incented at the new rebate levels.

Please visit www.pplelectric.com/e-power to download, complete and sign the rebate application(s) for your project.

Please send the required information to the address:
