

To provide timely electric service to your facility, the **completion of the application and accuracy of the information are essential.**

Please complete the entire application and return it as soon as possible. Your application will be processed within two working days after we receive a satisfactorily completed application. We will then issue you a confirmation letter informing you of your service request number. The work request number is unique to your job and will be used to track its status.

The typical duration from the time of application until the customer is placed in service is as follows:

- Primary (12.47 KV) Service Requests: 7 months
- Transmission (69 KV) Service Requests: 15 months

If you have any questions concerning this application, please contact PPL Electric Utilities' Industrial & Commercial Services (ICS) at 1-888-220-9991 option 4, or refer to PPL's Rules for Electric Meter Service and Installation -

<http://www.pplelectric.com/Business+Partners/Tools+and+Reference+Center/Rules+For+Electric+Meter+and+Service/>.

Fully completed applications can be forwarded to PPL Electric Utilities as indicated on the enclosed service application form. Drawing submittal instructions will be provided in our confirmation letter.
