

PPL Electric Utilities Corporation

Provider of Last Resort (POLR) Request for Proposals (RFP) Process and Rules Large Commercial and Industrial Hourly Service for Year 2010

RFP Addendum

(November 10, 2009)

1.1 Update to Number of Tranches, Tranche Size and Estimated PLC

- 1.1.1. Pursuant to Section 1.1.11 of the Hourly Service RFP Process and Rules, PPL Electric issues this addendum related to the Hourly Service RFP to notify RFP Bidders of the total number of tranches being solicited, the tranche size, and the estimated PLC, following the completion of the enrollment period for the Year 2010 fixed-price product on November 9, 2009.
- 1.1.2. An Hourly Service Supplier serving one tranche is responsible for serving a fixed percentage of the Hourly Service Customer Group's Hourly Service Load. The following table shows an estimate of the total number of tranches, the tranche size, and the PLC for the Hourly Service Customer Group assuming all large commercial and industrial customers who have not affirmatively enrolled to receive fixed price POLR service by the deadline of November 9, 2009 will receive Hourly Service.

Customer Group	Product Delivery Period	Product Size (% of Hourly Service Load)	Total Tranches	Tranche Size (% of Load)	PLC (MW)
Hourly Service	January 1, 2010 – December 31, 2010	100.000%	20	5.000%	1,825
