Disclaimer: PPL Electric Utilities is making this list of companies that are participating in the electric heat pump project available to customers for customer use in selecting a firm to install an electric heat pump water heater. The selection of a company is solely the decision of the customer. PPL Electric Utilities does not warrant or endorse any particular company. Issues including but not limited to the quality, performance of their work, and cost, should be discussed directly between the customer and the company selected by the customer.
