Re: Default Service Plan Compliance Filing;
Revised Default Service Supply Master Agreement and
Revised Request for Proposals Process and Rules
PPL Electric Utilities Corporation

Dear Mr. Hassell:

On February 26, 2013, PPL Electric Utilities Corporation (PPL Electric) filed a revised Default Service Supply Master Agreement and a revised Request for Proposals Process and Rules as part of their default service plan in compliance with the Commission's Opinion and Order at the above docketed case, entered January 24, 2013.

Commission Staff has reviewed the revised default service plan and tariff revisions and found that suspension or further investigation does not appear warranted at this time. Therefore, in accordance with 52 Pa. Code, the revised default service plan is approved and the supplements will become effective by operation of law according to the effective dates. However, this is without prejudice to any formal complaints timely filed against said tariff revisions.

If you have any questions in this matter, please contact Yasmin Snowberger, Bureau of Technical Utility Services, at 717-425-5540 or ysnowberge@pa.gov.

Sincerely

Rosemary Chiavetta
Secretary
