

Appendix E

Appendix E: List of measures available to Low Income Customers

Measure	Programs Where Measure is Offered	Is measure offered to low-income (Y/N)?	Is measure targeted to low-income customers? (Specific low-income measure) (Y/N)	Residential programs with low costs of entry, in which the low-income population is likely to participate?
Agricultural- Automatic Milker Take-offs	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural- Circulating Fans	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural- Dairy Scroll Compressor	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural- Evaporator fans	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural- Farm Energy Assessments	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural- Heat Reclaimers	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural- HVLS	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural Lighting	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural- Livestock Waterers	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural- Low Pressure Irrigation Systems	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation

Appendix E

Measure	Programs Where Measure is Offered	Is measure offered to low-income (Y/N)?	Is measure targeted to low-income customers? (Specific low-income measure) (Y/N)	Residential programs with low costs of entry, in which the low-income population is likely to participate?
Agricultural- PTAC/PTHP	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Agricultural- VSD Controller for Dairy Vacuum Pumps	Prescriptive Efficient Equipment Incentive	Y	N	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
Air Conditioner replacement	Low-Income WRAP	Y	Y	This measure is typically offered to Small Commercial Farms however there is the potential for low income residential participation
ASHP	Prescriptive Efficient Equipment Incentive; Residential Home Comfort	Y	N	Yes
Beverage/Snack Machine Controls	Master Metered Low-Income Multifamily Housing Program; Prescriptive Efficient Equipment Incentive	Y	N	No, this measure is typically a commercial application
CAC	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
Ceiling Insulation	Residential Home Comfort	Y	N	Yes
CFL Specialty Bulbs	Residential Retail	Y	N	Yes
CFLs	Residential Retail; Student and Parent Energy Efficiency Education; Residential Home Comfort; Master Metered Low-Income Multifamily Housing Program	Y	N	Yes
CFLs	E-Power Wise Program; Low-Income WRAP	Y	Y	This measure is offered at no cost to low-income customers
Changing or cleaning of heating/cooling filters	Low-Income WRAP	Y	Y	This measure is offered at no cost to low-income customers
Clothes Dryer	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.

Appendix E

Measure	Programs Where Measure is Offered	Is measure offered to low-income (Y/N)?	Is measure targeted to low-income customers? (Specific low-income measure) (Y/N)	Residential programs with low costs of entry, in which the low-income population is likely to participate?
Clothes Washer	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
Commercial refrigerators	Prescriptive Efficient Equipment Incentive	Y	N	No, this measure is typically a commercial application
Comprehensive Audit	Residential Home Comfort	Y	N	Yes
Consumer Energy Education	Residential Energy-Efficiency Behavior & Education	Y	N	Yes
Consumer Energy Education	E-Power Wise Program	Y	Y	This measure is offered at no cost to low-income customers
Customized Incentives	Custom Incentive	Y	N	No, this measure is typically a commercial application
Dehumidifier replacement	Low-income WRAP	Y	Y	This measure is offered at no cost to low-income customers
Dishwasher	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
Dryer venting (electric dryer)	Low-income WRAP	Y	Y	This measure is offered at no cost to low-income customers
Duct sealing	Residential Home Comfort	Y	N	Yes
Ductless Heat Pump	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
DX package AC units	Master Metered Low-Income Multifamily Housing Program; Prescriptive Efficient Equipment Incentive	Y	N	No, this measure is typically a commercial application
Evaporator fans	Prescriptive Efficient Equipment Incentive	Y	N	No, this measure is typically a commercial application
Faucet aerators	E-Power Wise Program	Y	Y	This measure is offered at no cost to low-income customers
Faucet aerators	Residential Home Comfort; Student and Parent Energy Efficiency Education; Master Metered Low-Income Multifamily Housing Program	Y	N	Yes

Appendix E

Measure	Programs Where Measure is Offered	Is measure offered to low-income (Y/N)?	Is measure targeted to low-income customers? (Specific low-income measure) (Y/N)	Residential programs with low costs of entry, in which the low-income population is likely to participate?
Freezer - New ENERGY STAR®	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
Freezer Recycling	Appliance Recycling; Master Metered Low-Income Multifamily Housing Program	Y	N	Yes
Heat Pump Hot Water Heater	Residential Retail	Y	N	This rebated measure is offered to general residential customers
Heat Pump Hot Water Heater	Low-Income WRAP	Y	Y	This measure is offered at no cost to low-income customers
High Performance T-8 Fixture	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
Hot Water Pipe Insulation	Residential Home Comfort	Y	N	Yes
Ice makers	Master Metered Low-Income Multifamily Housing Program; Prescriptive Efficient Equipment Incentive	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
LED	Residential Retail; Student and Parent Energy Efficiency Education	Y	N	Yes
LED Exit Sign	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
LED Nightlights	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
Commercial lighting jobs	Prescriptive Efficient Equipment Incentive	Y	N	No, this measure is typically a commercial application
Limelite Night Lite	Student and Parent Energy Efficiency Education	Y	N	Yes
Limelite Night Lite	E-Power Wise Program	Y	Y	This measure is offered at no cost to low-income customers
Low Income Report Cards	Low-Income Energy-Efficiency Behavior & Education	Y	Y	This measure is offered at no cost to low-income customers

Appendix E

Measure	Programs Where Measure is Offered	Is measure offered to low-income (Y/N)?	Is measure targeted to low-income customers? (Specific low-income measure) (Y/N)	Residential programs with low costs of entry, in which the low-income population is likely to participate?
Low-flow showerhead	E-Power Wise Program	Y	Y	This measure is offered at no cost to low-income customers
Low-flow showerhead	Student and Parent Energy Efficiency Education; Master Metered Low-Income Multifamily Housing Program	Y	N	Yes
Packaged Terminal Air Conditioner (PTAC)	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
Pool Pumps	Residential Home Comfort	Y	N	Yes
Refrigerator - New ENERGY STAR®	Master Metered Low-Income Multifamily Housing Program; Residential Retail	Y	N	This rebated measure is offered to general residential customers
Refrigerator replacement	Low-Income WRAP	Y	Y	This measure is offered at no cost to low-income customers
Refrigerator Recycling	Appliance Recycling; Master Metered Low-Income Multifamily Housing Program	Y	N	Yes
Room AC Recycling	Appliance Recycling; Master Metered Low-Income Multifamily Housing Program	Y	N	Yes
Room Air Conditioner	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
School Benchmarking	School Benchmarking	Y	N	No
School Continuous Energy Improvement	Continuous Energy Improvement	Y	N	No
Smart Strip Plug Outlets	E-Power Wise Program; Low-Income WRAP	Y	Y	This measure is offered at no cost to low-income customers

Appendix E

Measure	Programs Where Measure is Offered	Is measure offered to low-income (Y/N)?	Is measure targeted to low-income customers? (Specific low-income measure) (Y/N)	Residential programs with low costs of entry, in which the low-income population is likely to participate?
Smart Strip Plug Outlets	Master Metered Low-Income Multifamily Housing Program; Prescriptive Efficient Equipment Incentive; Residential Home Comfort; Residential Retail; Student and Parent Energy Efficiency Education	Y	N	Yes
Steam Cookers	Prescriptive Efficient Equipment Incentive	Y	N	No, this measure is typically a commercial application
TVs	Residential Retail	Y	N	Yes
VSD Air Compressor	Prescriptive Efficient Equipment Incentive	Y	N	No, this measure is typically a commercial application
Walkthrough Audit	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
Walk-through survey	Residential Home Comfort	Y	N	Yes
Wall Insulation	Residential Home Comfort	Y	N	Yes
Water Heater Pipe Insulation	Master Metered Low-Income Multifamily Housing Program	Y	N	No, this measure is offered to master metered residences, usually through a housing agency or privately owned subsidized housing.
Water Heater Setback	Residential Home Comfort	Y	N	Yes
Waterbed replacement w/foam mattress	Low-Income WRAP	Y	Y	This measure is offered at no cost to low-income customers
Whole House- with HPWH & Ceiling Insulation	Residential Home Comfort	Y	N	Yes
Direct Install Avg. Project	Prescriptive Efficient Equipment Incentive	Y	N	No, this measure is typically a commercial application
