

# E-power Residential Rebate Program Application Process

PPL Electric Utilities is pleased to offer its customers rebates on qualifying products and equipment purchases. These rebates are retroactive to July 1, 2009, and end on May 31, 2013, or until funding is depleted. Some restrictions apply; rebates may not exceed the actual cost of the product or equipment.

This packet contains applications for the following products and equipment:

- [Residential appliances](#)
- [Commercial appliances](#)
- [Wall and ceiling insulation](#)
- [Residential heating and cooling](#)
- [Electric heat pump hot water heater](#)
- [Fossil fuel furnace](#)
- [ENERGY STAR® ductless mini-split heat pump](#)

You can print the entire application packet, which includes all the forms, or print individual forms by selecting the appropriate ones above. ***Please mail in only the application and necessary documentation for which you are seeking a rebate.***

## ELIGIBILITY

- Only PPL Electric Utilities customers qualify for these rebates. The product or equipment must be installed at a property with an active meter served by PPL Electric Utilities. Customers who have chosen an alternative generation supplier are still eligible for E-power programs.
- Refer to the rebate chart to see if the product or equipment you are purchasing qualifies for a rebate.
- All purchases must take place within the promotion dates.
- See the attached rebate application for additional eligibility requirements for the particular rebate for which you are applying.

## HOW TO PARTICIPATE

1. Read the rebate application to determine what you will need to submit. That includes:
  - a. The completed rebate application.
  - b. An itemized receipt or invoice with the manufacturer, model number, and purchase price circled.
  - c. A copy of the first page of your most recent PPL Electric Utilities bill. If you do not have a copy of your most recent bill, go to [www.pplelectric.com](http://www.pplelectric.com) and download it.

- d. If you prefer the rebate be sent to a third party, be sure to complete and enclose the attached "[Third Party Authorization Form](#)."

APPLICATIONS LACKING RECEIPTS/INVOICES WILL BE DENIED.

2. Make a copy of all submissions for your records.
3. Each rebate request requires a separate application. Do not mail more than one rebate request per envelope.
4. Mail the completed application and all attachments to the address noted on the particular rebate application.
5. Rebate applications must be mailed no later than June 30, 2013. Applications postmarked after this date are ineligible.
6. After receipt and verification of your application, your rebate will be mailed to you in the form of a prepaid Visa™ card or a check. If you prefer it be sent to someone other than yourself, complete the form for "third party authorization." In either case, the rebate will be mailed within 60 days of the date of the postmark on your qualified application. Rebates will be mailed only to addresses in the United States.
7. To review the status of your application, visit [www.rebate-zone.com/ppi](http://www.rebate-zone.com/ppi) or call us at 1-866-660-4551.

## Third Party Payment Designation Form

**(!) IMPORTANT:** Please complete this form only if rebate payment is to be directed to someone other than the customer indicated on the rebate form.

I AM AUTHORIZING THIS REBATE PAYMENT TO THE THIRD PARTY NAMED BELOW AND I UNDERSTAND THAT I WILL NOT BE RECEIVING THE REBATE PAYMENT CHECK FROM PPL ELECTRIC UTILITIES. I ALSO UNDERSTAND THAT MY RELEASE OF PAYMENT TO THE THIRD PARTY DOES NOT EXEMPT ME FROM THE REBATE REQUIREMENTS OUTLINED IN THE APPLICATION.

## **E-power Rebate Program Frequently Asked Questions**

**Q: What time period does the PPL Electric Utilities E-power rebate program cover?**

A: This program includes product purchases made since July 1, 2009. Check the program pages and rebate chart frequently for updates.

**Q: Which products are eligible for a rebate?**

A: Review our rebate chart for a summary of current products, qualifications and rebate levels. Individual rebate application forms contain additional details.

**Q: What do I need to mail with my rebate application?**

A: Be sure to read the rebate application carefully to determine what you will need to submit. Rebate applications generally require these materials:

- a. A completed rebate application.
- b. An itemized receipt or invoice with the manufacturer, model number and purchase price circled.
- c. A copy of the first page of your most recent PPL Electric Utilities bill.

But there are exceptions. Some applications require additional materials such as a UPC barcode, a PA lighting form, a worksheet, copies of supporting technical documentation or a copy of your installation certificate. Read carefully to learn the unique requirements for each application.

**Q: I bought several products and completed the rebate applications. Is it okay if I mail them in the same envelope?**

A: No. To be assured your applications are processed properly, mail each to its specific address and department number.

**Q: Where do I get a copy of my most recent PPL Electric Utilities bill?**

A: Log in to your PPL Electric Utilities account at [www.pplelectric.com](http://www.pplelectric.com) and download your most recent bill.

**Q: Where do I get a copy of the receipt or invoice for the product I purchased?**

A: Retailers are often able to print a copy of the receipt especially if you purchased with a credit card. APPLICATIONS LACKING RECEIPTS/INVOICES WILL BE DENIED.

**Q: What is the difference between the purchase dates and the postmark dates?**

A: Your purchase must take place during the promotion dates. You must mail your application by the last eligible postmark date.

**Q: Can I apply for a rebate if I do not have a PPL Electric Utilities account number?**

A: No. PPL Electric Utilities rebates are only available to active PPL Electric Utilities customers for products installed in the PPL Electric Utilities service area. The 10-digit account number is located on your electric bill and is required to qualify for any PPL Electric Utilities rebate.

**Q: Can I apply my rebate to my PPL Electric Utilities bill?**

A: If you receive your rebate in the form of a check, you cannot apply it to your electric bill. However, certain rebates are paid in the form of a Visa Prepaid card, which can be applied to your electric bill. There is a fee involved: Customers will be charged \$4.95 for every transaction up to \$600, with a maximum amount per transaction of \$600. To pay your bill with your Visa Prepaid card, you must call 1-800-342-4775.

**Q: Why can't I send my rebate application to the same address I send my PPL Electric Utilities payment?**

A: Your rebate application is processed by a dedicated rebate payment center that verifies eligibility of your rebate and processes your application and payment. To make sure you receive your rebate in a timely manner, send the rebate application with all required documentation to the address that appears on the rebate form.

**Q: Will customers who recently installed energy-efficiency equipment be eligible for rebates?**

A: Customers who have made qualifying energy efficiency improvements since July 1, 2009, may be eligible for incentives if they have receipts for their purchase of qualifying products or equipment.

**Q: If customers rent or lease their home or building, are they eligible for these programs and rebates?**

A: Yes. Many E-power programs can benefit customers who pay the electric bill, regardless of who owns the building. Customers may have to get the landlord's approval before making changes to the building, such as installing HVAC equipment, insulation, etc.

**Q: Am I still able to qualify for a rebate if I have chosen an alternative generation supplier?**

A: Yes, your electricity supplier does not affect your eligibility for an E-power Rebate. However, you must be a PPL Electric Utilities customer (i.e., you must get your electricity delivered to you by PPL Electric Utilities).

**Q: Who do I call if I have questions?**

A: If you are applying for or have questions about a **residential rebate**, please call 1-866-660-4551. If you are applying for or have questions about a **commercial or industrial rebate**, please call 1-866-432-5501.
